Reaching Folks in America

Staff man, Mike Bussen, reports that he has been distributing thousands of gospel tracts to local residents in the eastern region of Pennsylvania where he and his wife, Renae, reside. Just a couple of weeks ago, he received the following email, which confirms how God can use such efforts: "Tuesday evening before bed I was thinking about my health, age and young son. I'm 65, my son is 14...I have health issues and noticed lately I am feeling better, and my son raised his grades after I prayed last week asking for help..I don't know what made me think about this before bed...I started talking...to God, thanking him if he had anything to do with these feelings...I asked how can I thank

Him and get close to Him...I awoke 5am for work...left the house...noticed something on the side of my mailbox. I turned around, came back and grabbed this pamphlet, thinking it was garbage, but why on side of the mailbox? I...took a look at this pamphlet. It read, "How to have a right relationship with God." I started shaking, tears in my eyes. Only seven hours before, I asked God, and then awoke to this. How is this possible? I'm still shaking and tearing up. I've read this pamphlet at least 40 times in two days. This was a miracle, there is no other answer. God reached out to me. He exists, He really exists!" Mike has since followed up with her and is rejoicing for this divine appointment.

Reaching Folks in Ecuador

OAC Ecuador director and newly elected OAC International President, David Proaño, reports that he and his wife, Monica, are celebrating more than 19 years serving as open-air evangelists in that country. The vast majority of Ecuadorians have not yet heard the gospel message and so, for more than a year and a half now, David and Monica have concentrated their work mainly with indigenous communities in the province of Chimborazo. God has opened many doors for them to preach the

Gospel in this Andean mountain location. They also minister in other sectors of the country, such as in the city of Quito, as well as on the coast and in the jungle. The Lord allowed them to reach out to 420 military personnel at the Riobamba's military base this year. They thank God for individuals coming on short-term mission teams to help with the ministry. These teams have originated from local churches located in Maryland, Tennessee, and Kentucky.
